

The directors had a very difficult task of choosing these roles based on the large number of talented people who auditioned. We chose the performers we felt were best suited for each role. If you were not chosen for a named role at this time, we enthusiastically encourage you to be a part of the supporting cast in the ensemble. There are many additional parts that will be assigned as we go into vocal, and full cast rehearsals.

While we understand that not everyone will receive the part they hoped for, we are excited to invite you to be a part of this production. We want you to know that it is okay to be disappointed but we also want to encourage you to take this opportunity to grow and strengthen your craft.

If we missed you on this list or if you have any questions contact us!!

All Dancers are also considered Ensemble

There are additional small roles to be cast during rehearsals:

Showing up to rehearsals and knowing the show is key to getting placed into these roles.

Scripts will be distributed in January. Watch Remind for date.

If you have not already turned in your contract, it will be due at script pickup.

Everyone will be required to sing as part of the chorus at various times in the production, therefore all actors shall be present at vocal rehearsals.
